

Victory

ENT treatment unit

Our reliable and longest running
ENT treatment unit

MediTop I Victory

The Victory ENT unit is our trusted and longest running model with over 400 models sold worldwide. The unit offers a timeless design with smooth curves.

This model is available with a Marlan Top finish or with HPL (High Pressure Laminate). When opting for HPL a whole range of design possibilities such as wood/metal/stone looks become available.

Trusted

The Victory ENT treatment unit has proven to be the right unit for the job. This model has been in production for over 20 years now, and we are continuously improving it so that we can easily keep up with the latest trends and regulations. Every unit is built with the greatest care to provide another long- term solution for our customer.

Worldwide

Our ENT treatment units are sold worldwide. We support all our customers with impeccable and durable service. We work with a large network of agents with great knowledge of our products, so that our customers receive all the care they need.

Intuitive

Our ENT treatment units are designed for efficient, quick and reliable functionality. A wide range of medical devices that add to the work comfort of the professional user can be integrated in the Victory ENT treatment unit. Every action will feel right and

Designed for efficient, quick and reliable functionality

logical. The touch screen gives a clear overview of its functions. The multifunctional footswitch provides a solution for controlling devices during research or operation.
